Water Workout Classes

Aqua Zumba® - Aqua Zumba gives new meaning to the idea of an invigorating workout. Splashing, stretching, twisting, even laughing, hooting and hollering are often heard during the Zumba “pool party”. Traditional aqua fitness principles are blended with the Zumba formula for a safe, challenging workout that’s cardio-conditioning, body-toning and, most of all, exhilarating beyond belief! An All Club Access Class.

Water Workout: Cross Training - Intervals of cardio, resistance training and core movements in the pool improve endurance, strength, coordination, balance and flexibility. Burn fat and build strong, lean muscle mass with low to no joint impact. Exercises and intensity can be modified and adapted for participants of all levels: from those just beginning a fitness routine, to those recovering from an injury, to elite athletes on a rest/recovery day. An All Club Access Class.

Water Workout: Movement - Movements performed in water allow for increased range of motion and flexibility in a safe, suspended environment. These energizing patterns are designed to burn fat and increase cardio strength while building a stronger core. With the use of specific water equipment, these water activities become optimal for muscle toning and conditioning, helping to strengthen joints to avoid injury. It challenges all levels from recovery to athlete. An All Club Access Class.
