

CREATING A SAFE SPACE

RESPIRATORY PROTECTION IN THE AGE OF COVID

Our Air Purification System is the solution for your health and safety.

ActivePure® Technology is FDA Approved

NASA-based technology destroys viruses & bacteria in the air and on surfaces

Certified Space Technology Seal of Approval by the Space Foundation

Currently used in homes, businesses, the Ground Zero Museum, hospitals, doctors' offices, nursing homes, gyms, spas, hotels internationally.

ActivePure® Technology powerful disinfection and 'air scrubbing' has been proven effective and validated through independent testing laboratories:

FDA Laboratories | Kansas State University | University of Cincinnati

Data and Research has identified a product that can instill a **scientifically proven** feeling of health security and confidence for any public venue: the **Air and Surface Pro** air purification system.

This air purification, used by NASA, opens up the possibility for all public venues (restaurants, gyms, spas, offices, salons, hotels, nursing homes, urgent care, clubs) to bounce back and offer protection when social distancing restraints are lifted.

The **Air & Surface Pro** “ActivePure®” technology has been **proven to kill pathogens and contaminants in the air AND on surfaces** (tables, door handles, light switches, TV remotes).

Independent laboratory testing verifies that ActivePure® is the most powerful and effective air purification available to the public.

The **Air and Surface Pro** has been tested and proven to destroy RNA viruses, including COVID-19.

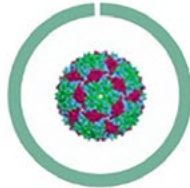

MS2 bacteriophage RNA Virus

Reduction of Airborne Contaminants

99.9999%

Reduction after 60 minutes treatment

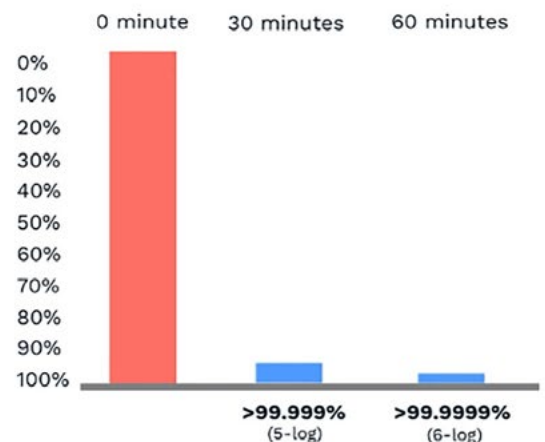

NEW ACTIVEPURE MEDICAL UNIT TESTING

Complying with FDA Protocols in a FDA Certified Compliant Laboratory Net Log

Reduction of MS2 Bacteriophage Virus Bioaerosol

Average Percent RNA Virus Reduction

The links below are more information and data on the unsurpassed **Air and Surface Pro** to illustrate the urgency and necessity of the solution available to everyone for creating a safer place for us to live in.
